Project Objective

This project analyzes how Tamil Nadu's political landscape changed between the 2021 and 2026 elections using regional, constituency, and vote-share level analysis.

01

Regional Political Shifts

Analyze how party dominance changed across Tamil Nadu's six regions.

02

Constituency Volatility

Identify constituencies and regions where electoral control changed hands.

03

Vote Redistribution

Compare party-wise vote gains and losses between elections.

04

TVK Emergence

Examine the rise of TVK as a statewide electoral force in 2026.

Regional Political Landscape: 2021 vs 2026

Regional dominance became more fragmented in 2026 compared to 2021

DMK dominated most regions in 2021, while 2026 saw stronger regional competition and TVK emergence.

Regional Landscape — 2021

Party: AIADMK BJP DMK INC TVK

Regional Landscape — 2026

Party: AIADMK BJP DMK INC TVK

Regional Political Shifts Across Tamil Nadu

Region	AIADMK	AMMK	BJP	CPI	CPI(M)	DMDK	DMK	INC	IUML	PMK	TVK	VCK
Chennai Metro	1						-27	-3			29	
North	3			0			-15	-1	1		15	-2
Central	0					1	-13	-1		0	12	1
Kongu	-12		-1				-1	-2			16	
Delta	0	1		0	-1		-9	-1	1		10	-1
South	-11		-2		1		-9	-5			26	

KEY INSIGHTS

- 1 DMK dominated most regions in 2021 but lost ground across the board.
- 2 TVK emerged strongly in Chennai Metro and South in 2026.
- 3 Regional political competition intensified across Tamil Nadu.
- 4 No single formation maintained uniform statewide dominance in 2026.

Constituency Shifts Across Tamil Nadu

Several constituencies changed hands between 2021 and 2026

South and Chennai Metro recorded the highest concentration of flipped constituencies.

Total Flipped Constituencies

163

Party-to-Party Seat Transitions

Where Electoral Volatility Was Highest

KEY INSIGHTS

- 1 163 constituencies changed hands between elections.
- 2 South and Chennai Metro recorded the highest concentration of flipped constituencies.
- 3 Major seat transitions flowed toward TVK.
- 4 Electoral volatility became unevenly distributed across regions.

TVK Emerged as a Statewide Electoral Force

TVK emerged as a statewide electoral force in 2026

TVK recorded substantial vote totals across all six regions, with its strongest performance in the South.

TVK Recorded Strong Votes Across All Regions

TVK Recorded the Largest Vote Increase

Total TVK Votes (2026)

17.2M

KEY INSIGHTS

- 1 TVK recorded approximately 17.2 million votes in 2026.
- 2 TVK secured substantial vote totals across all six regions.
- 3 South and Chennai Metro recorded TVK's strongest performances.
- 4 TVK registered the largest vote increase among major parties.

17.2M
Largest Statewide Vote Surge

Final Conclusions

The 2026 Tamil Nadu election reflected a transition from concentrated regional dominance toward a more competitive and fragmented political landscape, accompanied by significant constituency-level volatility and the emergence of TVK as a statewide electoral force.

01

Regional Fragmentation

No single political formation maintained uniform regional dominance in 2026.

02

Electoral Volatility

163 constituencies changed hands, reflecting substantial political movement.

03

TVK Emergence

TVK established measurable electoral presence across all six regions.

163
